HOBBIES

Travel, Drumming, Video Games, Trying new food

PROFILE

I am a Supporting Instructor at Commonwealth working towards a career in web development. I began this role right after going through the 15 week program as a student. I'm excited about the wide range of possibilities available in development, particularly Front End work with JavaScript and I'm eager for the opportunity to continue to grow in this field. Organized and self-motivated, comfortable completing tasks on my own or in a team setting.

EMPLOYMENT HISTORY

Supporting Instructor, Commonwealth Coders

Remote

Jan 2021

I assist the lead instructor in our 15 week program by answering questions students have regarding course content. As our class size has grown, I began creating tutoring sessions after class hours to ensure individuals were up to speed as possible in understanding and feeling comfortable with our course content. I've learned teaching people how to learn is both a challenging and invaluable skill.

Course content includes HTML, CSS, SCSS, Bootstrap, JavaScript, and React.

Manager, Frothy Monkey (Nations location)

Nashville, TN

Apr 2019 — Oct 2020

Responsible for managing Front of House shifts as well as fulfill barista and some bartender duties. I developed an interest in admin work and learned logging cost of goods for the shop as well as organizing bank deposits and issuing tips to the staff. I was also responsible for placing supply orders for Front of House within a budget.

Stage Manage, Dylan Scott

USA

Aug 2017 — Feb 2019

Beginning as a drum tech (set up, cleaning, tuning, etc.), I soon expanded to other stage duties and became responsible for overseeing the full stage setup/tear down of LED walls and instruments. During the show I oversaw and monitored our tracks rig on side stage computers that ran the production of the show as well as monitoring and adjusting the musicians in-ear monitor levels.

EDUCATION

Commonwealth Coders

Remote

Aug 2020 — Dec 2020

Previously "BC Skills Development Academy" in Glasgow, KY.

Looking for a career change, I took a leap of faith and took a 15 week web development program. We studied various topics such as HTML, CSS, SCSS, Bootstrap, JavaScript, and React. I fell in love with the program and web development and was hired on as a supporting instructor the following semester.

Bowling Green, KY

**Associates in Interdisciplinary Studies, Western
Kentucky University**

Jan 2013 — May 2014

General education with a few classes in Film.

Music Production, Berklee College of Music

Remote

Aug 2014 — Aug 2015

Studied Music Production and some Music Business.
